

# ICFF Studio

**BOOTH 273**

**BERNHARDT** | design

ICFF continues its long-standing partnership with Bernhardt Design to bring the next generation of emerging talent to the forefront through the juried ICFF Studio competition. Selected product designers receive a complimentary exhibit stand at ICFF 2022.

Up-and-coming designers and new talents are invited to submit their unique concepts and innovative designs for evaluation by a jury of some of the industry's top professionals. To enter the competition, a designer must be working in the industry for less than five years and have a working prototype that is not in commercial production.

## The ICFF Studio 2022 winners are:

**Ford Bostwick**, Flo Chair

**Conor Coghlan**, Bow Spring Chair
